

Behavior Open Workshop

8:00-9:15: Overview, BESS and SSIS

1. Universal Screening for Behavior

- Proactive-- Pick up on students at risk before the problems become significant
- Obtain a “pulse” on the social and emotional behaviors with the school system
- Baseline Data
- Academic benefits to improved behavior
- Relevant research & positive outcomes

2. BESS & SSIS assessments

9:15-10:45: Break into groups and review case studies

10:15-11:30: Input Case studies into Universal Screening for the BESS Teacher, Student, SSIS Prosocial and Motivation to Learn

11:30-12:30: Lunch

12:30-1:30: Case studies number 1 and 2 with Trainer

- Action Plans
- Progress Monitor / Data interpretation/recommendations

1:30-2:30: Case study 4 and 5 on your own

- Action Plans
- Progress Monitor / Data interpretation/recommendations

2:30-3:30: What skills/preparation does my district need to implement AIMSweb Behavior?

- Plan for addressing the issues before the data are ever collected
- Training on the measures and software
- Plan for all staff involvement—not just Behavioral Specialist
- Weave into RTI model already in place (i.e., staff meetings, child study, etc.)
 - Plan for professional development

3:30-4:00: Closing Remarks

Participants will summarize and discuss their training experience, complete a survey about their impressions of this training, and be introduced to the AIMSweb Online Training, which is provided as a complementary service as part of your training.
